“ *I worked with Charlie at the Bureau of Mines Chemistry Lab for six years. He was the first one to train me there about how to analyze the research samples. I was so sorry to hear about his passing, and pray that the Lord will comfort the family that remains.*

“ So many great memories. I was raised up with Leonard, attended the one room Union School with Leonard, attended Rolla High School with Leonard, attended Missouri School of Mines with Leonard, and served our Country with Leonard in the Missouri National Guard. A great friend that I will miss, but looking forward to seeing him in Heaven, and looking forward to visiting with friends at his memorial service at the National Guard Armory at 5 on Wednesday.
