“ *We are deeply sorry to hear about the death of our doctor Kevin Brewer. When we come in Rolla, 10 years ago, I asked people at our Department about a family doctor and they recommended us Dr. Brewer. I am from ?medical family?, my father 50 years did internal surgeries, my mother help women to deliver babies many decades, she was gynecologist, and my grandfather also half century worked with small babies, he was pediatrician? so, the DOCTORS were around me all my life and I always appreciate and respect this profession. During a decade, we visited to Dr. Brewer by multiple occasions and I would like to say, that , his attention to our problems and his diagnostic talent allow him ?on-time? help to us. He was great DOCTOR and great man: we had a pleasure talk with him about our past and future? It is very difficult to me and my wife Antonina express all our good feeling about Dr. Brewer in this letter to his family. Please accept our most heartfelt sympathies for your loss. Our thoughts are with you and your family during this difficult time. Simon Lekakh and Antonina Kleshcheva*

“ Dr. Brewer was my husbands doctor. He was always so attentive and caring. Many times during the day and night he came to see him during the last few days of his life in 2012. Dr. Brewer told me "he would miss their chats." Well they are chatting again in heaven in a joyous reunion. I am sorry for your loss Dr. Wilkenson, I pray God's comfort for you and your family.
